## **BIG RICH SOUND FOR IPHONE WITHOUT MISSING YOUR CALLS!**

Live your iPhone life to the fullest by pairing it with the extraordinary sound and intuitive convenience of the Altec Lansing T612. Made to complement iPhone's command of the digital world, the T612 extends your iPhone's high-end audio capabilities with beautifully transparent music reproduction. 60 Watts of power RMS (120 Watts Peak) fill the room while keeping you perfectly in touch – because with the T612 there's no need to use "Flight Mode" while you listen to music. Instead, keep the phone turned on; when a call comes in the T612 gives priority to the call by interrupting the music.
