Style Never Sounded So Good!

Introducing MUZX Series™ earphones. Created especially for women, they offer comfort, fit and style that the fairer sex can really appreciate. Since women have higher expectations when it comes to fashion, the MUZX MHP 106 earphones feature sparkling, CRYSTALIZED™ Swarovski jeweled butterfly designs on the earbuds. MUZX MHP 206 earphones feature Swarovski elements too: jeweled flowers on the earbuds and a stunning butterfly on the choker. And MUZX Series earphones feature other innovations. The MUZX MHP 306 model, for example, includes a “Buddies” feature that lets your friends plug in a second pair of earphones and listen to your music at the same time you do. And, as you’d expect, MUZX Series™ earphones are beautiful to listen to. Their Snug fit design provides passive noise reduction and great sound at lower listening levels. So remember, it isn’t magic, it’s MUZX. From Altec Lansing.
